

BROKEN JAWS

Sung to full Jaws theme.

Yooooouuu.

Yooooouuu could

You could count

You could count the

**You could count the bodies five in
total**

**And a dog but not so focal
Or the gaffes and fill a belly
Stinky fish the film can's smelly**

**Cut it out
Leave it in?
Where's the outtake editor?**

**All chopped up
Bit by bit
It's Verna Fields who's the predator!**

**Just before the screechy fingers
On the blackboard camera lingers
No stick figure they could cater
Though he's there a second later
Wine level - can't keep it even
Nor boat sinking; don't tell Steven**

**Wait! Sag-Aftra
Don't jump ship just yet!
We'll wrap up in
June before the tourists hit!**

**It's too hard to sing this part...it shows the
non-frenzied path to the beach in May
So, I'll say, "This is what happens."**

**The shark is failing
Shooting stars start trailing
Whale song might cover up the laughing**

**Gardner's death – surprise to Larry
More than the *Gazette* could carry
Tiger shark rare in these waters?
Jawbones cover all Quint's quarters!
Mrs. Kintner, after you cry
Raise your veil, you slapped the wrong guy!**

**Three barrels
Not with three
No, he can't
Maybe four
Now there's one
Extra left**

**Night scenes
Too hard
Use a
Filter
Dolly
Zoom when
You're off
Kilter
Cut long
Lines when
You're not
Honest
But don't**

**Blame on
Angimanus
Here it
Comes to
Grasp that
Man there
Has no
Scar 'cause
He is
OSCAR**
